## **Thursday, 5-6pm in NYC:** **Protest at Uber's Headquarters** **NoBanNoWall**

Location: 3100 47th Ave, Long Island City, NY

[Facebook event page](#)

Join us to protest Uber on the day before Uber CEO Travis Kalanick meets with Donald Trump as part of his advisory council.

\*\*\*\* PLEASE NOTE: We've updated the our protest end time to 6 PM so that folks can head over to Foley Square for the Rise Up for [#RamarleyGraham](#) protest\*\*\*\*

Now is the time for all those who value justice and equality to join together in holding Uber accountable, not only for its complicity with Trump's hateful policies but also for impoverishing workers.

Backed by billions from Wall Street, gig economy corporations like Uber and Lyft are upending labor standards for which workers have spent centuries fighting.

Let's send Uber and its gig-lord allies a message: workers' rights and democracy come before profit. [#NoBanNoWall](#)

## **Urgent Labor for Standing Rock Conference Call with Water Protectors**

In recent days, Donald Trump has met with with pro-DAPL building trade leaders and AFL-CIO president Richard Trumka, and pressured the Army Corps of Engineers to grant a final easement for DAPL. Today, highly militarized police made mass arrests of 76 water protectors.

In response, Chase Iron Eyes of the Lakota People's Law Project and Last Real Indians will speak about what those of us in organized labor can do at this point to support water protectors at Standing Rock.

Call times in US/Eastern: Thursday, Feb 02, 2017, 8pm (1 hour). To participate, please register [here](#).
