

SUPPORT DR. RABAB ABDULHADI FROM ZIONIST ATTACKS!

OUR DEMANDS TO SFSU:

1. Provide serious and REAL protection to members of its community who are Arab, Muslim and Palestinian with the same rigor that you do for other communities.
2. Publicly and unambiguously respond to this latest and other attacks by unambiguously condemning racist, Islamophobic, and violent campaigns that seek to harass, intimidate, bully, and smear Dr. Abdulhadi, GUPS, and Pro-Palestine SFSU students
3. Demonstrate SFSU commitment to the same standard of academic freedom and freedom of expression accorded to all members of the SFSU community without consideration of political pressure or donor arm-twisting as per the report of the independent investigator.
4. Express clear and unambiguous support for the AMED Studies program by publicly and specifically affirming your commitment to the MOU with An-Najah National University in Palestine.

This latest harassment episode highlights the need of AMED on this campus in its academic role in combatting Islamophobia, anti-Arab, and anti-Muslim sentiments. We need the reinstatement of the 2 AMED faculty lines
