

THE UNITED WORKERS OF INTEGRAL CARE CALL FOR CEASEFIRE IN GAZA

STANDING IN SOLIDARITY WITH THE PALESTINIAN GENERAL FEDERATION OF TRADE UNIONS (PGFTU)

We are acknowledging the extent of the war crimes and genocide committed against the people of Palestine. 250 people are killed each day in Gaza, 30,000 people, many of whom were civilians, have been killed up to this point. The Israeli Defense Forces (IDF) has destroyed hospitals, health centers, schools, universities, infrastructure, cultural centers, churches, and mosques. They have done so with bombs, missiles and even internationally banned weapons like white phosphorous. There is no where a Palestinian may be safe in this war of extermination. **There must be continued protest against the shipment of U.S. made weapons to the occupation in Palestine, as well as continuous call for ceasefire.**

Additionally, the IDF occupation in Gaza has led to:

- the suspension and termination contracts with thousands of workers in the Gaza strip
- limited ability for union activities, such as to conference and make statements, to guarantee the need for humanitarian aid and influence international public opinion to expose the truth about IDF crimes

You can contribute to financial projects and relief funds for workers and temporary social security through coordination with the International Trade Union Confederation

“WE CALL ON YOU TO BE OUR VOICE AND ADVOCATE INSIDE AND OUTSIDE AMERICA. WHAT OUR PEOPLE ARE EXPERIENCING AND WHAT WORKERS AND UNIONS, IN PARTICULAR, ARE EXPOSED TO IS THE MOST HORRIFIC CATASTROPHE KNOWN TO HUMANITY IN RECENT DECADES. WE ASK THAT YOU CONVEY OUR MESSAGE AND GIVE VOICE TO THE SUFFERING OF HUNGRY, STARVING WORKERS AND THEIR FAMILIES - NOT JUST TO THE AMERICAN PEOPLE, NOT JUST TO YOUR UNIONS, BUT TO THE ENTIRE WORLD.”
