

## Gaza Emergency! You can help

**1.9 million people have now been displaced in Gaza. People are already starving and a full-scale famine could occur in at any time.**

Families in Gaza are in need of your urgent support!

While Israel is causing death, injury, and trauma, MECA's staff and local partners in Gaza are on the ground responding to the most urgent needs of children and families-- food, clean water, medical aid, psychological support, and more.

**Thank you for supporting children and families in Gaza!**
